

Saca Piojos (Cootie Catcher)

Instructions:

1. Cut out the big square along the dotted line and then flip it over.
2. Fold the numbers in towards the center of the back, forming 4 triangle flaps.
3. Flip over to front and fold 4 even smaller triangle flaps (with colors) back in towards the center.
4. You now should have a small square with triangle flaps (colors) on one side and square flaps (numbers 1-4) on the other.
5. Fold this square in half to form a rectangle with the numbers on the outside.
6. Insert thumb and pointer fingers from both hands behind the numbers.
7. Play! Say, "¿Qué número?" then move your fingers that many. Then say, "¿Qué color?" Then read what is written below that color, telling your child what to do.
